World AIDS Day Service

November 29, 2015
6:00 pm

Welcome! *The theme for this service is "New Light, New Life." This theme is in line with the United Nations World Aids Day Theme "On the fast-track to end Aids" for there is a sense that we have reached critical success in terms of access to life saving treatment and reduction of new HIV infections and AIDS related death. It is with hope and trust in the promise and gift of new life from the Divine, that we will see the light at the end of this journey. We hope that this service will not only to take time to remember and mourn, but also an encouragement that the task ahead of us to end AIDS is doable and we can do this together, here in our beloved city and beyond. We hope that new light and new life will flourish in our lives as we work together with love, compassion and hope.*
